# Horsemen Paint Roseate Picture of the Racing Season Which Is to Open on the Metropolitan Circuit This Week

# LOCAL RACING WILL START ON THURSDAY

Jamaica Track Will Be Scene of Inaugural Meeting of Northern Season.

STARS ARE READY TO GO

Old Rosebud, Lucullite and Flags Among Likely Early Starters.

What promises to be the greatest racing season the metropolitan district has had in more than a decade will open at the Jamaica track next Thursday. Awaiting the call of "boots and sad-

fle" are more than a thousand thor-

oughbreds and probably 100,000 lovers of the horse. The meetings in Mary-land have whetted the appetites of race goers and all are on edge for the fray.

The season will open with the Paumonok Handicap, a dash at six furlongs for three-year-olds and upward. It has for three-year-olds and upward. It has a guaranteed cash value of \$5,000, and in quest of this purse forty-nine high class sprinters have been named to start. Among them are a score of horses whose speed, stamina and courage have earned

speed, stamina and courage have earned them national fame.
Old Rosebud, the former Handleap Ring, is on the list and probably will go to the post. He is in tip top condition and horsemen predict he will be invincible in sprints and give a good account of himself over long routes this season. In Maryland he won his first two starts from high class sprinters, and in his third start was beaten only a nose by W. R. Coe's Sweep On over the one mile course.

Another famous entrant is S. C. Hildreth's Lucullite, the beautiful four-year-old son of Trap Rock and Lucky Lass, which formerly carred the colors of Major August Belmont. He is in prime condition and will be hard to beat if he goes to the starter. In a recent trial at Pimilico he breezed six fur-loss in 1:18.

longs in 1:13.

Dominant, the six-year-old son of Delhi, belonging to Harry Payne Whitney, has been going great guns in his work, and is likely to start. Vindex, Blue Laddie, Vexatious and Pigeon also have been named by Mr. Whitney, and it is almost certain that the famous light blue and brown will be borne by more than one of his speed marvels.

of his speed marvels.

Richard T. Wilson will be represented by either Thunderstorm or Hannibal. Both are three-year-olds and each has worked well enough to warrant the belief that he will give a good account of himself in the chase for the purse.

Flags, the champion sprinter of 1918 on the eligible list and will probable carry his new owner's silks in this stake. He is now owned by the Beach Stable. In his trials this spring he has displayed all of his old time speed, and his trainer is confident he will retain the title he

Stable last year.

Others who are named to start and are ready to give a worthy battle are Col. W. E. Applegate's Jack Hare, Jr., the Brookside Stable's King Plaudit, P. A. Clark's Lion d'Or, S. C. Hildredth's Purchase and Lord Brighton, Walter M Jefford's Routledge, George W. Loft's Papp and Ridgers, A. K. Macomber's Hollister, War Cloud and War Paint the Oneck Stable's Elfin Queen. Commander J. K. L. Ross's Motor Cop, the Triple Springs Farm's Penrose, Joseph E. Wiedner's Naturalist and Trompe is Morte and George D, Widener's Lanius and Abadane.

The list of eligibles for the Paumonol includes nearly every sprinter of note. So there is every indication of a large field of high class horses going to the post as they are in a much more forward condition than in previous years, many of them having performed on the Mary-land tracks, while the others have re-ceived there preparation for the stake on the local tracks.

Handicapper Walter S. Vosburgh has assigned Old Rosebud top weight, 134
pounds, with Motor Cop asked to carry
only one pound less, with a gradual
grading down to Delaware with the
feather of 90 pounds. Following are the

# Veteran Horsemen Predict Great Turf Season Here

THOMAS HEALEY, trainer for Richard T. Wilson-There are no ifs or ands about it, this will be the greatest season the American turf has ever seen. Everything in the racing game has progressed like all other things in the country. The horses will be better, the jockeys better, the crowds larger

and the sport more thrilling than ever before.

WILLIAM KARRICK, trainer for W. R. Coe—I look for an exceptionally fine racing season. It promises to be the best since the repeal of the Hart-Agnew law in 1908. I think the thoroughbreds of to-day are as good WILLIAM HOGAN, trainer for P. A. Clark-The racegoing public may

look forward to seeing some of the greatest three-year-olds and juventles the country has ever seen. I expect to see every course filled to capacity almost every day this season. It will be a great racing year in every respect. MAX HIBSCH, trainer for George W. Loft-The war helped rather than hurt the quality of thoroughbreds in this country. Many were imported during the conflict that otherwise would have been lost to America. The stock we now have is better than ever before, and I look for it to improve each year; 1919 will be a banner year for horsemen and all lovers of the thorough-

Most of the owners are high class sportsmen, who prefer to see their colors in front than to win a wager.

JERRY CABROLL, trainer for Howard Marshall—I have every reason

to believe that this year will bring the best racing the Eastern turf has known.

There are an abundance of good horses and almost every owner and trainer is confident he has the best. Such confidence is bound to bring about stirring

confident he has the best. Such confidence is cound to bring about stirring contests and to see good races record crowds will turn out.

LOUIS PEUSTEL, trainer for Samuel Riddle—There are more than a thousand good thoroughbreds in and around New York, and the battle for supremacy in the different divisions will be so keen that stirring sport is assured. The American public want high class racing and they are going to get it this season. I think 1919 will be a record breaker in attendance, stirring

contests and sportsmanship.

JIM BODEN, trainer of the Triple Springs Farms; Mike Daly, trainer for Walter M. Jeffords; Jack Joyner, trainer for Joseph E. Widener; Tom Welsh, trainer for George D. A host of prominent horsemen will request the Jockey Club to employ two starters instead of one on the metropolitan tracks this season. They will point out to the turf authorities that the task of sending away big fields of high spirited thoroughbreds on even terms day in and day out is too much for any one man and that the need of another man to relieve Mars Cassidy at regular intervals is necessary for the good of the sport. No turfman ever has as much as in-
